

WELCOME TO ACCELERO BIOANALYTICS

YOUR ANALYTICAL PARTNER FOR

Non-clinical drug development
Clinical drug development
Independent contract research

Accelero is...

GLP certified
ICH GCP compliant
Approved as BSL-2 laboratory for
microbiology and genetic engineering

Accelero provides ...

Flow cytometry
EliSpot & FluoroSpot
ELISA
qPCR & RTqPCR
Microarray
Particle-based multiplex immunoassays
Particle-based multiplex miRNA assays
Cell culture & microbiology
GLP training & consulting

Accelero applies for ...

Pharmacokinetics & Toxicokinetics
Formulation analysis
ATMP biodistribution
Pharmacodynamics
Biomarker research
Cell-based assays
Cloning and gene expression

accelerō bioanalytics

GLP and GCP Contract Research

FIELDS OF ACTIVITY

Non-Clinical Studies (GLP)
Clinical Studies (GCP)
Advanced Therapy Medicinal Products (ATMP)
RNA / DNA Therapeutics & Aptamers
Microbiology
Cell Isolation & Culture
Anti-Drug Antibodies (ADA)
GMP Cell Bank Characterization

LABORATORY SERVICES

ELISA and Hybridization
qPCR and RTqPCR
Flow Cytometry (FACS)
Biomarker Microarrays
EliSpot and FluoroSpot Immunoassays
Particle-based FirePlex® Immunoassays
> 17plex customized or preconfigured panels
Particle-based FirePlex® miRNA Assays
> 68plex per well for the circulating assay
Pharmacokinetics and Statistics
Sample Collection and Shipment
Clinical Kits

REASONS TO CONTRACT ACCELERO

Create a direct line to the lab bench!
Company with cooperative communication model.
Short communication paths.
Contact your study director directly.
All team members with academic background.

Accelerate your drug development!
Fast turnaround times from proposal to final report.
Short response times at all stages of your project.
15 working days for FirePlex® services.

Accelero goes easy with your budget!
No superfluous project management involved.
No extraordinary facilities, no conference rooms.
No extra audit charges.

CONTACT ACCELERO TODAY

Send an email to:
service@accelero-bioanalytics.com

Call us at:
++49 30 610 910 300 (VoIP)

or use the contact form at our website.

CONSULTING SERVICES

Assay development & validation
GLP seminars
GLP basic courses
GLP talk – for advanced
GLP In-house trainings at your site
Preparation for GLP audits or inspections

FirePlex® is the new name for Abcam's Firefly assays.
FIREPLEX is a trademark registered by Abcam plc in the United States, and is an unregistered trademark elsewhere.

Benefit from Accelero's experience!

RNA and DNA therapeutics
ATMP based on human stem cells
ATMP based on bacterial cells
Adenovirus derived vectors
Pneumonia-associated microbiology
Wound healing
Validated assays according to EMA and FDA guidelines
